

**Fees (see website for details)**  
**www.waterideas2014.com**

\* Conference fees include the proceedings, coffee breaks and lunches during the conference as well as the conference events. The participants have also free access to the Pre-Conference / SWAN workshop.

Water IDEAS 2014 (22-24 October 2014) Conference Fees *		Early bird till 30 June 2014	Regular from 1 July 2014
Fees *		EURO VAT 22% Included	EURO VAT 22% Included
High Income Countries	IWA and/or SWAN members	460	560
	Non-IWA members	560	660
Low Income Countries [1]	IWA members	360	460
	Non-IWA members	460	560
Students [2]		180	220

[1] IWA operates a [High / Low Income Country Classification](#) based according to the World Bank's Atlas system.

[2] To obtain this rate, a copy of your current student/PhD student identification card needs to be sent to [secretary@waterideas2014.com](mailto:secretary@waterideas2014.com)

Pre-Conference: SWAN Workshop (22 Oct 2014 – morning)	Early bird till 30 June 2014	Regular from 1 July 2014
Fees	EURO VAT 22% Included	EURO VAT 22% Included
SWAN members and/or WATERIDEAS participant	FREE	FREE
Non-SWAN members	100	125

**Accommodation**

**Hotel NH de la Gare**, conveniently located at walking distance from the railway station and the city center and at only 6 km from Bologna airport, is the Conference hotel and convenient reduced rates have been negotiated for conference participants (please contact the Conference Secretary [secretary@waterideas2014.com](mailto:secretary@waterideas2014.com)). As room availability and reduced rates are limited, you are strongly recommended to book your room asap respecting the early bird deadline of 30 June 2014. From July 1st availability and reduced rates cannot be guaranteed. For info & booking email to: [secretary@waterideas2014.com](mailto:secretary@waterideas2014.com) or visit: [www.waterideas2014.com](http://www.waterideas2014.com) **Free transfer** will be provided to hotel guests during the conference to reach the Conference venue located at just 5 min drive.

**Social Programme**

**Welcome Reception** On Wednesday at lunch time you will have the opportunity to enjoy the company of all delegates. You will be able to meet old friends – and make new ones!

**Conference Banquet**

The official conference banquet will take place on Thursday evening

**Post-Conference Activities**

The Conference's secretary will gladly assist in the organization of tours to all parts of Italy – including Tuscany, Venice and Rome.

The IWA Conference on Efficient Management of Water Loss, Energy and Demand and on Smart Water Distribution Systems

**Hosted jointly by:**

**In cooperation with:**

**Under the Patronage of:**

**Janez Potocnik**, Member of the European Commission in charge of the Environment

**Organized by:**

**Workshop and Conference Secretary**

**"SWAN DAY" Workshop**

In collaboration with SWAN, the Smart Water Networks Forum  
**Wednesday 22 October 2014**

[www.waterideas2014.com](http://www.waterideas2014.com)

## "SWAN DAY" Workshop

in collaboration with SWAN, The Smart Water Networks Forum  
**Wednesday 22 October 2014**

### Aim of the Workshop

With the increased instrumentation and telemetry of water networks, a new layer of smart data applications has come into being. The "Smart Water Network" is that structure of data-driven components which helps operate the "dumb" or data-less physical layer of pipes, pumps, reservoirs, and valves. The SWAN Workshop is your opportunity to hear, talk and interact with leading industry professionals contributing to the Smart Water Networks revolution.

### SWAN Workshop Themes

Keynotes and presentations covering a wide range of themes in the Smart Water Networks realm including: **Economics of Smart Water Networks, Energy-efficient Water Networks, Utility Case-Studies, Innovative Data-Driven technologies**, and more.

### Registration

Registration form will be available online at:  
[www.waterideas2014.com](http://www.waterideas2014.com)

## About SWAN Forum

**SWAN, the Smart Water Networks Forum**, is a worldwide industry forum promoting the development and adoption of

data-driven technologies in water networks, making them smarter, more efficient, and more sustainable. SWAN is the meeting place for industry leaders - water utilities, technology innovators, investors, academics, engineering and consulting firms, and policymakers - leveraging the power of collaboration to identify the tremendous opportunities in the smart water space and jointly overcome the challenges.

Members of the SWAN Forum are industry pioneers who are taking a leadership role in bringing the 'smart' into water networks. Members of the SWAN Forum:

- ◆ are at the forefront of industry developments;
- ◆ take an active role in shaping the industry, including the creation of a smart water network architecture, currently underway;
- ◆ engage in discussions and practical realization of data-driven water technologies;
- ◆ share knowledge with the industry in global and regional conferences, exhibitions, and industry meet-ups

## "Water IDEAS" Conference

### Aim of the Conference

**Water IDEAS 2014** is intended to present and discuss the latest developments, strategies, techniques and applications of international best practices in **Innovative Water Networks Management**.

The conference will host a **special session of Smart Water Projects funded by the European Commission and other Institutions**, allowing project partners to present their innovative solutions, disseminate their results, exchange experience and liaise with other researchers and innovators.

### Call for Papers

**Authors are invited to present papers dealing with any smart water related topics** (Smart water networks, Innovative data driven technologies, Water Loss, Energy and Demand in Water Distribution Systems and buildings, AMR etc.). The aim is to provide a comprehensive programme of the highest quality, reflecting a wide range of international experiences.

You are invited to submit an extended abstract, in English, of up to 800 words in Microsoft Word format.

Please headline your text with the following information:

- ◆ Topic
- ◆ Title of presentation
- ◆ Authors names and affiliations
- ◆ Three key words (to help with easy identification)
- ◆ Contact person's name, email, address and phone

Abstracts must be received **by 30 April 2014** via email at:  
[committee@waterideas2014.com](mailto:committee@waterideas2014.com)

### Registration and fees

Registration form and fees will be available online at:  
[www.waterideas2014.com](http://www.waterideas2014.com)

**Water IDEAS 2014 Conference proceedings will be published with ISBN Code.**

**In addition selected papers will be considered for publication by "Civil Engineering and Environmental Systems Journal".**

### Companion Tours

On all three days of the event (workshop and conference) guided tours will be offered to ensure accompanying persons will have the opportunity to explore Bologna and main nearby tourist sites including Venice, Florence and Ferrara.

## About ACCADUEO

**ACCADUEO** is the international exhibition of technologies for treatment and distribution of drinking water and wastewater treatment. ACCADUEO is an international event that can't be missed due to the

economic and industrial importance of the companies present. All of the most prestigious Italian companies take part in the fair, alongside the most important names on the European and international scene. This is proved by the significant increase in visitors and exhibitors to the last edition. The fair also offers a rich calendar of technical meetings and seminars with experts. A highly qualified event at which receive the latest information targeted to industry professionals.

To emphasise ACCADUEO's international outlook, the organisers are scheduling visits by foreign commercial delegations to promote contact between exhibitors and representatives of foreign governments as well as with important business groups, especially those operating in East European countries and in the Mediterranean basin.

## Exhibition

The conference will host a **special showcase of Smart Water Network Technologies**, allowing participants to demonstrate and experience innovative solutions.

Exhibitors will be entitled to present their solutions in a dedicated workshop.

**Book your booth early – space is limited!**
